Northern Line Temporary Timetable 2 June to 29 July 2018

From **Saturday 2 June** to **Sunday 29 July 2018**, Liverpool Lime Street mainline station will be closed for the final phase of the refurbishment work, with mainline services significantly disrupted and City Line services running to/from Liverpool South Parkway. The closure will also affect some Merseyrail services.

During the closure:

- Northern Line trains on the **Southport – Liverpool – Hunts Cross** line will operate to/from **Liverpool South Parkway** only, with a rail replacement bus service operating through to/from **Hunts Cross**. This will lead to some retiming of the service and the Monday to Friday additional peak journeys will not run.
- There will also be some minor retiming to trains running on the **Ormskirk** and **Kirkby** lines, with early morning trains from **Liverpool Central** running earlier. On Sundays, trains from **Kirkby** will extend from **Liverpool Central** non-stop through to **Liverpool South Parkway** to increase the number of trains linking into mainline services.
- There are also timing changes to trains running between **Chester/Ellesmere Port** and **Liverpool** stations, with trains between **Chester** and **Green Lane** leaving up to five minutes earlier than usual and trains in the opposite direction arriving up to five minutes later than usual at stations between **Hooton** and **Chester/Ellesmere Port**. There will be a 30 minute frequency on the **Ellesmere Port** line throughout the day.
- Trains between **West Kirby/New Brighton** and **Liverpool** are not affected during the closure.

Efforts will be made to provide six carriage trains to maximise capacity and there will be additional staff at key stations to help passengers.

During the period of the temporary timetable, on Monday 18 June 2018 the new station at Maghull North will open. This timetable includes times for the station but these will only apply once the station is open.

The new station includes:

- a staffed ticket office
- on platform waiting rooms
- step-free and lift access to both platforms
- a passenger toilet
- 156 car parking and motorbike spaces and cycle storage
- planned charging points for electric vehicles
